**Subject:** draft FTAC agenda for your review

Hi Everyone,

Here is the draft agenda for your review and comments. Feel free to distribute to team. Some considerations...

1. Who will be summarizing the statutes? Joanna or Kathy
2. Carry over items – should we list the releases and TUA supplement under the Navy presentation agenda item or keep in carry over?
3. Public comments – should we list them on the agenda to receive in advance or after the meeting to be incorporated into the report to the Legislature?
4. Time blocks – gave Navy extra time for their presentation. If carry over items are to be addressed during “carry over items”, I may need more time than the 10 minutes allotted.
5. Congressman Case’s amendment to bill concerning additional funding to Red Hill. I told Peter I don’t think that we need to put it on the agenda but if it comes up I’ll check with Case’s office (and Rep Kahele) and that they will address.
6. Peter also reached out to FTAC members for additional topics so they may be added to agenda.

Peter will schedule a meeting with DOH/EPA to talk before the FTAC. You can send me changes to agenda now or wait until that meeting.

Thank you,

**Thu “2” Perry**
